Traffic insurance requirements in Finland

Information regarding the traffic insurance situation in Finland

The Finnish Traffic insurance law states that the traffic insurance is acting as the mandatory third-party insurance in all motorsport events in Finland. This is due to the changes in the Finnish law after the European traffic insurance directive changed in the EU.

The rider can buy the insurance also from his/hers home country to the bike(s) that will be used in the event in Heinola, but If it is not possible to get the insurance from riders own home country, it is possible to get a temporary insurance from Finland.

The organizer will help the rider to acquire the insurance. Additional information and instructions will be sent directly to the riders who will send an entry to the event.
